SHAPING FUTURE LEADERS THROUGH EXCELLENCE IN EDUCATION

"The best way to predict the future is to create it."

Peter Drucker

At TIAS CDL, we believe that education is more than just acquiring knowledge—it is about transformation, innovation, and leadership. Our PGDM programs are designed to cultivate intellectual curiosity, critical thinking, and ethical leadership, preparing students to navigate and excel in the ever-evolving global business landscape.

***"Education is not the learning of facts, but the training
of the mind to think."***

Albert Einstein

With a meticulously crafted curriculum, hands-on experiential learning, and deep industry integration, we empower students to bridge the gap between theory and practice. Our unwavering commitment to academic excellence, research, and holistic development ensures that every graduate emerges as a visionary leader, ready to drive change and make a lasting impact.

***"Leadership and learning are indispensable to each
other."***

John F. Kennedy

Join us on a transformative journey where ambition meets opportunity, knowledge fuels innovation, and leadership inspires progress.

**Welcome to TIAS CDL—where the leaders of tomorrow are shaped
today.**

CHAIRMAN'S MESSAGE

I firmly believe that the most effective way to propel society forward is through the power of education. As another rewarding year unfolds at Tecnia Institute of Advanced Studies (TIAS), I take immense pride in serving as the Executive Director of this esteemed B-School in Delhi, which has garnered widespread recognition and consistently attracted top-tier talent. The institute has earned a stellar reputation for its cutting-edge infrastructure, dedicated and student-centric faculties, and innovative teaching methodologies that foster excellence in management education.

With a curriculum curated in alignment with global business trends and industry demands, we ensure that our students develop strategic thinking, problem-solving abilities, and a deep understanding of business dynamics.

At TIAS, we strive to equip our students with a comprehensive set of managerial skills that are essential for their professional success. Throughout their academic journey, learners develop creativity, risk-taking abilities, people management skills, organizational development capabilities, and strategic leadership—the very foundation of managerial excellence. These core competencies not only define our alumni's success but also contribute to shaping the future of the corporate world.

Dear students, You are the architects of our nation's future, and we firmly believe that your time at TIAS will equip you with the essential leadership and managerial skills needed to excel in your careers. The knowledge, values, and technical expertise you will gain here will serve as a foundation for your success, empowering you to make a meaningful impact—not only on your own future but also on your families and society at large. In addition to academics, it is our aspiration that the young individuals who pass through its corridors become caring, productive, and responsible citizens as well as future leaders of this great nation.

I extend my heartfelt congratulations to the Publication Cell for producing this outstanding Information Brochure, which highlights the exciting advancements at TIAS. These initiatives inspire and empower our young scholars, preparing them to become industry-ready professionals with the knowledge, skills, and confidence to build successful careers.

"We cannot always build the future for our youth, but we can build our youth for the future."

Franklin D. Roosevelt

Thank you and God Bless you All

Dr. Ram Kailash Gupta
Chairman, Tecnia Group of Institutions.

DIRECTOR'S MESSAGE

Welcome to Tecnia Institute of Advanced Studies CDL (TIAS CDL). Selecting the right institute is a crucial step toward shaping your future, and we are committed to providing an education that empowers, inspires, and prepares you for success in the ever-evolving business world.

At TIAS CDL, our PGDM program is designed to develop not just skilled professionals but visionary leaders. We emphasize holistic learning—blending academic excellence with practical exposure, industry interactions, and hands-on experiences.

Our distinguished faculty, modern infrastructure, and dynamic learning environment ensure that students gain the confidence and competence to thrive in their careers. Beyond academics, we focus on nurturing creativity, critical thinking, and problem-solving abilities, equipping students with the mindset to adapt and lead in a competitive world. At TIAS, education is not just about learning—it's about transforming potential into achievement. I warmly invite all eligible candidates to join us on this transformative journey. TIAS CDL is committed to shaping exceptional managers and leaders, offering top-tier education and holistic personality development.

Best Wishes

Dr. Madhavendra Nath Jha
Director, TIAS CDL.

Dear Future Leaders,

Welcome to TIAS CDL, where we nurture talent, foster innovation, and shape future-ready professionals. Our PGDM program is designed to provide a strong foundation in management, leadership, and strategic thinking, equipping you with the knowledge and expertise to thrive in today's dynamic business environment.

With a curriculum aligned to industry standards, expert faculty, and a dynamic learning approach, we emphasize practical learning, critical problem-solving, and strategic decision-making.

Our commitment is to ensure that you gain not only theoretical insights but also hands-on experience to meet real-world challenges with confidence. At TIAS CDL, we believe in empowering individuals with the right tools for success. Whether you are looking to advance your career, develop leadership capabilities, or explore new opportunities, this program serves as a stepping stone toward achieving your professional aspirations.

We invite you to embark on this enriching journey with us and shape a promising future.. As you take this step, you become part of a thriving community dedicated to learning, growth, and excellence. The opportunities ahead are vast, and we are here to guide and support you at every stage of your journey.

Best Regards

TECNIA GROUP OF INSTITUTIONS

The Tecnia Group of Institutions, under the esteemed Health & Education Society, stands as a beacon of excellence in education. Amidst an educational landscape teeming with diverse opportunities, Tecnia Group of Institutions has carved out a distinctive identity, inspired by its steadfast mission and core values under the visionary leadership of Dr. Ram Kailash Gupta, a pioneer in education. Tecnia Group of Institutions offers a wide range of programs across multiple campuses in Delhi NCR. The postgraduate (PG) and undergraduate (UG) campuses of Tecnia Institute of Advanced Studies provide MCA, MBA, BCA, BBA, and BJMC programs under GGSIP University. Tecnia Institute of Advanced Studies CDL, a premier standalone institute under the Tecnia Group of Institutions, offers top-tier PGDM programs (equivalent to an MBA) in both Regular and ODL modes. Other institutions within the Tecnia Group include Sanskriti University, Tecnia Institute of Art & Design, Tecnia Institute of Teacher Education, Ashtavakra School for Special Education, Vision Institute for Special Education, and Orleans The School, collectively addressing a wide spectrum of educational and professional domains.

TECNIA GROUP OF INSTITUTIONS

TECNIA GROUP OF INSTITUTIONS

TECNIA INSTITUTE OF ADVANCED STUDIES CDL

Tecnica Institute of Advanced Studies CDL, located in Delhi, shines brightly, renowned for its unwavering commitment to providing top-tier education. TIAS CDL is approved by joint committee of UGC-AICTE-DEC, Ministry of HRD, Govt. of India in the year 2009, approved as standalone institute by UGC in 2017 and recognised by All India Council for Technical Education (AICTE). Renowned for its commitment to academic excellence and industry relevance, the institute effectively prepares students for successful careers in management, establishing itself as one of the top PGDM institutes in Delhi. The Post Graduate Diploma in Management is a full-time, two-year program that equips students with industry-relevant skills and expertise, empowering them to succeed in a dynamic business landscape and secure prestigious career opportunities.

Philosophy

Today, both the world and India need a skilled workforce. To promote the development of our country, our mission must focus on 'Skill Development' and 'Skilled India.' Millions of Indian youth should acquire the skills necessary to contribute to making India a modern nation. Our institute aims to create a pool of young individuals capable of generating employment opportunities. For those who may not have the means to create jobs, we want to empower them to compete globally, with confidence, through their hard work and craftsmanship. By honing their skills, they will win the admiration of people worldwide. We are committed to building the capacity of such youth, preparing them for success on the global stage.

Vision

To be a premier Management institution nurturing ethical, innovative, and globally competent professionals committed to lifelong learning and contributing to sustainable socio-economic development”

Mission

To provide a dynamic learning environment that fosters academic excellence, ethical values, innovation, industry-oriented skills and employability through quality education, research, and collaboration for holistic student development and societal impact.

RESOURCES AND FACILITIES

The institute boasts outstanding infrastructure, including spacious and well-ventilated classrooms, state-of-the-art computer labs, and aesthetically designed, fully equipped auditorium, all aimed at enhancing the efficiency of the teaching-learning process. The campus also features Wi-Fi connectivity and modern teaching tools such as multimedia projectors to further support the learning experience.

Computer Services' Center

The Institute has well-equipped Computer Services Center, which offers outstanding IT services to users. The facility features state-of-the-art computing resources to support the Institute's training, research, and consultancy endeavors. The Center operates a Client-Server architecture on a robust local area network (LAN), offering students the ability to work across various platforms. The systems are complemented by high-speed laser printers, webcams, scanners, and other peripherals.

Library

The Library has been primarily designed to meet the requirements of the Institute's academic programs. The Institute has an excellent library having more than 5,000 volumes with over 400 titles, 20 national, 10 international journals and 10 periodicals. The Institute's Library is divided into four sections i.e. Circulation, Reference, Reading Section and E-Resource Section, apart from membership services of DELNET and British Council Library.

Auditorium

The Institute boasts a well-equipped, centrally air-conditioned auditorium designed to host a wide range of academic and professional events. With a seating capacity of over 250, the auditorium offers a spacious and comfortable environment for attendees. It is outfitted with the latest audio-visual and projection technologies, ensuring seamless presentations and engaging multimedia experiences. The venue is ideal for conducting seminars, conferences, workshops, guest lectures, cultural programs, and other interactive sessions, fostering an environment of learning and collaboration. Its modern design, excellent acoustics, and advanced facilities make it a preferred choice for hosting both academic and extracurricular activities, adding to the dynamic learning atmosphere of the Institute.

Cafeteria

The Institute takes pride in its well-designed cafeteria, which serves as a central hub for students, faculty, and staff to connect and unwind. Offering a wide variety of delicious and nutritious meals, snacks, and beverages, the cafeteria caters to diverse tastes and dietary requirements while maintaining high standards of quality and hygiene. With its comfortable seating, vibrant atmosphere, and modern amenities, the cafeteria provides an ideal space for informal discussions, collaborative interactions, or simply enjoying a meal in a relaxed setting.

Recreation

The campus is well-equipped with facilities for a variety of indoor games, including table tennis, chess, and carrom, providing students with ample opportunities for recreation and healthy competition. The campus is a vibrant hub for cultural activities. Various events, including music and dance performances, drama, debates, and literary competitions, are organized regularly, allowing students to showcase their talents and creativity. The campus also hosts annual fests, talent shows, and guest lectures, ensuring a dynamic and engaging environment for students throughout the year.

PGDM PROGRAMMES

TIAS CDL has established itself as a premier institution, widely recognized for its unwavering commitment to academic excellence, industry relevance, and the holistic development of future business leaders. As one of the top PGDM colleges in Delhi, it has consistently focused on equipping students with the knowledge, skills, and strategic mindset required to excel in the ever-evolving world of management. By blending theoretical insights with practical exposure, the institute fosters a learning environment that encourages innovation, analytical thinking, and leadership. This approach ensures that graduates not only meet but exceed the expectations of modern businesses and global enterprises.

PGDM: 2 YEARS REGULAR (FULL TIME)

At the core of TIAS CDL's academic excellence is its flagship Post Graduate Diploma in Management (PGDM), a full-time, AI Driven two-year trimester based program meticulously designed to equip students with the expertise and adaptability required for dynamic managerial roles. Approved by the All India Council for Technical Education (AICTE) under the Ministry of Education, Government of India, the program meets both national and international academic standards, ensuring a comprehensive and globally competitive learning experience. The curriculum is thoughtfully structured to provide a deep understanding of key business functions, including finance, marketing, human resources, operations, and strategic management. Beyond theoretical knowledge, the program places a strong emphasis on critical thinking, problem solving, and leadership development-essential skills that empower students to excel in complex and fast-paced business environments.

CORE COURSES

Core courses in management programs offer a comprehensive approach to education, providing students with both a broad understanding of the field and a strong foundation for specialization. These courses establish the essential knowledge required for effective management, delivering interdisciplinary insights that can be explored further during the elective phase.

PEDAGOGY

The program integrates diverse teaching-learning approaches, including lectures, group discussions, self-study, inquiry-based learning, and technology-enabled education. We support diverse learning needs through remedial teaching, skill-based interventions, and personalized mentoring. Strong industry-academia collaborations provide expert lectures, field visits, internships, and live projects. Continuous assessments through MCQs, open-book exams, case studies, and assignments ensure comprehensive evaluation. A transparent grievance redressal system allows script reviews, re-evaluations, and faculty consultations, creating a dynamic, career-oriented learning experience.

- Course Components:
 - Assignments, presentations, quizzes, and group discussions on contemporary topics.
 - Teamwork opportunities to develop collaboration and adaptability in a diverse workforce.
- Evaluation Process:
 - Continuous internal assessments and end-term examinations.
 - Regular evaluation on various parameters to monitor progress.
- Skill Development:
 - Regular workshops on industry-relevant domains to equip students with necessary skills.
 - Immersion courses focusing on effective communication, financial modeling, business intelligence, and Microsoft Excel.
- Interactive Teaching Methods:
 - Use of simulations, management games, and role plays for effective learning.
 - Teaching follows a detailed session plan aligned with the syllabus.
- Experiential Learning:
 - Projects and internships designed to provide hands-on industry experience.
 - Opportunities to research, analyze, and propose innovative solutions to real-world business challenges.
- Industry Exposure:
 - Regular interactions with industry leaders and experts to stay updated on current trends.
 - Industry visits and interactions across diverse sectors to provide valuable insights, preparing students to become industry-ready.
 - Webinars and conferences are convened to discuss and deliberate on business management issues.

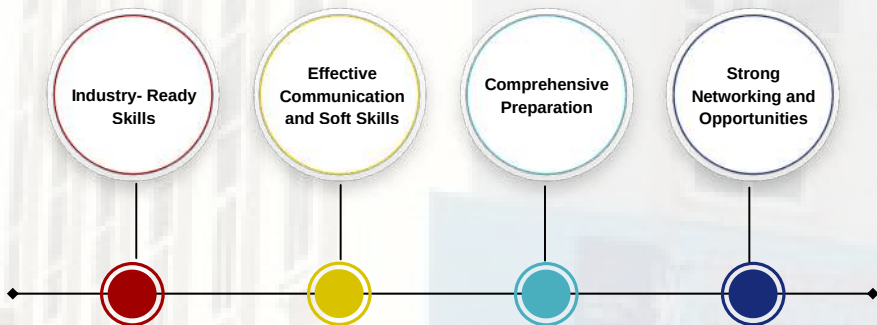

The extended curriculum of the program fosters holistic development through technical, cultural, sports, and wellness activities. With Technical / Domain Clubs, students engage in hackathons, ideation workshops, and industry-led training, collaborating with institutions and professional bodies. Cultural Clubs and festivals encourage creativity, while mental health initiatives promote well-being through yoga, meditation, and counselling. Additionally, community engagement programs instill social responsibility. This integrated approach ensures industry readiness and leadership skills among students.

TRAINING & PLACEMENT CELL

Training and Placement Cell ensures career readiness through structured training, industry collaborations, and placement support. It provides career guidance, soft skills training, internships, and live projects to enhance employability. The curriculum is meticulously crafted to meet industry demands, ensuring a seamless transition to the corporate world. TIAS CDL nurtures young professionals by equipping them with cutting-edge analytical skills and a comprehensive understanding of the corporate landscape, preparing them for managerial roles. With strong industry linkages and regular interactions with experts, students gain valuable insights into real-world business dynamics. The dedicated T&P cell further enhances their employability through mock interviews, resume-building workshops, and campus drives. As a result, TIAS CDL has maintained a remarkable placement record, with graduates securing positions in top-tier companies, making it the preferred choice for career-focused professionals.

ADMISSION

Admission to PGDM Courses are made from the candidates qualified from any one of the six All India tests, i.e.; CAT, XAT, CMAT, ATMA, MAT, GMAT or the common entrance examinations (if any) conducted by the respective State Governments / Central Government (CUET) for all Institutions other than Minority Institutions.
